Inhoud van de jaargangen 61 & 62 (2013-'14)

Mager gedrukte bladzijdenummers betreffen jaargang 61, de vet gedrukte bladzijdenummers jaargang 62.

Anvelink, Bart: Is er toekomst voor de Grote Karekiet in het Zwarte Meer? ......................... 29
Beekman, Frans & Wouter Renaud: Jan Joost ter Pelkijjik maakte in 1940 een unieke vogelgids voor Suriname .......................................................................................... 143
Berkel, Willy van (zie Wilfried de Jong) ................................................................................. 218
Bijsma, Rob: Miljoenen Huiszwaluwen in Afrika, maar waar? ........................................ 178
Blok, Henk: Naamgeving is veelzeggend ........................................................................... 201
Boer, Marcel: Wat maakt vogels zo interessant? Aflevering 1: De evolutie en afstamming van vogels ................................................................................................................. 67
Boer, Marcel: Wat maakt vogels zo interessant? Aflevering 2: Belangrijke uiterlijke kenmerken............................................................................................................................ 131
Boer, Marcel: Wat maakt vogels zo interessant? Aflevering 3: Organen, zintuigen, leeftijd, gedrag en geheugen ............................................................. 179
Bonne, Edward (zie Gerhard Cadée) .................................................................................... 8
Borgsteede, Fred & Herman Cremers: Parasieten van de Huiszwaluw ......................... 203
Brandenburg, Eelco: Boomklevers in landschapsparken in Friesland .......................... 99
Bruggen, Joost van: Regionale verschillen in trends van de Huiszwaluw in Nederland in de periode 1989-2011 .......................................................... 191
Bruinning, Erik: Huiszwaluwen in de opvang .................................................................... 227
Cadée, Gerhard & Edward Bonne: Uit het dagboek van Jan Verwey: Hoogwaterschade op Griend in 1918 .................................................................................. 8
Cremers, Herman (zie Fred Borgsteede) ........................................................................ 203
Dam, Nico van & Arie Dorsman: Zorg en aandacht voor Huiszwaluwen in Bergambacht 246
Deeben, Wim: Huiszwaluwen in de Kempen .................................................................. 249
Dijk, Arend van: Huiszwaluwwstand in Nederland in de 20ste eeuw ............................... 184
Dorsman, Arie (zie Nico van Dam) ....................................................................................... 246
Dubois, Martine & Wilfried de Jong: Kunstnesten: niet natuurlijk, wel succesvol! ...... 212
Greven, Henk: De ornithofauna van Oxygen Resort in Paramaribo ............................. 101
Heemskerk, Piet: Enkele resultaten van 27 jaar monitoren in de Polder Demmerik: een combinatie van reservaat en agrarisch gebied ............................................. 63
Heij, Kees: De verspreiding van de Huismus Passer domesticus op Aruba, Bonaire en Curacao .............................................................................................................. 58
Houtman, Hans: Waarneming van een vogel met kleurafwijking op Texel ...................... 112
Huijzers, Gert & Gerard Ouweeneel: Een halve eeuw broed vogelonderzoek op de Korendijke Slikken ......................................................................................... 199
Jaap Taapken Vogelfotoparade ......................................................................................... 51, 164, 287, 79, 165, 223
Jong, Wilfried de (zie Martine Dubois) ............................................................................ 212
Jong, Wilfried de & Will van Berkel: Huiszwaluwtillen, hoe is de stand? ...................... 218
Jonkers, Dick (zie Rob Kole) ............................................................................................ 147
Jonkers, Dick: Ecologische informatie over Huiszwaluwen ........................................... 165
Kole, Rob & Dick Jonkers: Themnummer Huiszwaluw .................................................. 147
Kooij, Henk van der: De broedseizoenen 2011-'13 van de Purperreiger in Nederland ......................................................................................................................... 190
Korte mededelingen .......................................................................................................... 36, 82, 130, 229, 277, 43, 157, 219
**Trefwoordenregister van de jaargangen 61 & 62 (2013-'14)**

*De nummers van de bladzijden uit de jaargang 61 zijn mager gedrukt, die uit jaargang 62 zijn vet gedrukt.*
